## **What We Do**

The Community Growth Center is a non-profit community center that brings people together for personal growth, spiritual development and community engagement.

## **Our Mission Statement**

The Community Growth Center (CGC) is a not-for-profit community based wellness center. The CGC believes in giving individuals a safe space to grow, a creative environment to learn and healthy ways to live.

We seek to stand in solidarity with all those that are marginalized, oppressed, and suffer as a result of unjust systems of power.

Through the use of hands-on learning experiences, community involvement, and compassionate guidance the CGC is focused on providing opportunities to grow in mind, body, and spirit.

## **Our Promise to the Community**

Through fundraising, support from local businesses, donations, grants and the help of volunteers, the CGC seeks to offer 100% donation-based services. The CGC vows to provide the highest level of care to all individuals regardless of financial circumstance. We believe that financial hardships should never prevent individuals from receiving the care and compassion they deserve.
